

Maeve Dorman, Vice President EMEA Merchant Services

PayPal

PayPal is the faster, safer way to send money, make an online payment, receive money or set up a merchant account. Available in more than 200 markets around the world, the PayPal platform, including Braintree, enables consumers and merchants to receive money in more than 100 currencies, withdraw funds in 56 currencies and hold balances in their PayPal accounts in 25 currencies. PayPal is a proud supporter of the Starting Strong Programme, which helps female entrepreneurs create successful enterprises. As it was once a start-up, PayPal knows the importance of helping smaller businesses succeed.

Maeve Dorman, Vice President EMEA Merchant Services, said: *'I am delighted that PayPal is one of the eight Starting Strong Supporters. It's up to leading businesses to support women and empower them to develop their careers. I'm a big believer in female-focused policies. For me, it's not about giving women an advantage - it's about levelling the playing field. I am a proud Lead for eight inspiring women in Starting Strong's complimentary programme, 'Going for Growth'. I got involved because it's an opportunity for me to give back, to share my skills and to support women in business'.*

'As a woman starting out in business, I had great support and I want to repay that. I believe that if we succeed in encouraging more women to become leaders and entrepreneurs, we will change the face of the corporate world. With every woman who makes it to the top of her game, we get that bit closer to changing the status quo'.
