

Anna Hosty

The Hair Vitamin Company

Anna Hosty is co-founder of The Hair Vitamin Company which has created a vitamin for postpartum hair needs. Anna started her career in one of the most prestigious hair salons in Galway city. She is now co-owner of that business, growing it to a group of three multi award-winning salons in and around Galway city. Yourells Hair Salon is recognised as one of the best in the country through its strong training programme and high level of customer care and satisfaction. Anna is a people person and always strives to help with any problems that come up for her clients. In learning her craft, she has become a widely recognised stylist and a passionate leader in the hair industry in Ireland.

The inspiration behind the post pregnancy vitamin, Born:Again, came from her many years of experience in dealing with clients and their hair concerns. Post pregnancy is a time in a woman's life that is full of stress, tiredness and hormones which can all play a negative part in hair condition and growth. Alongside her business partner and some of the best formulators in the UK, Anna has worked to create a vitamin that will encourage strong healthy hair with the added benefit of the reduction of tiredness and fatigue and help with hormone imbalances. Born:Again is available online and in pharmacies around the country.

The company is now researching other hair vitamin supplements and auxiliary products that will help with other common hair problems.
