PayPal

PayPal has remained at the forefront of the digital payment revolution for more than 20 years. By leveraging technology to make financial services and commerce more convenient, affordable, and secure, the PayPal platform empowers more than 300 million consumers and merchants in more than 200 markets to join and thrive in the global economy.

The PayPal platform, including Braintree and Zoom, enables consumers and merchants to receive money in more than 100 currencies, withdraw funds in 56 currencies, and hold balances in their PayPal accounts in 25 currencies.

PayPal is a proud supporter of the Starting Strong Programme, which helps female entrepreneurs, run, and scale successful businesses.

Laura Scully, Vice President, PayPal Ireland, said: *'Small businesses are the engine of our economy, creating jobs and helping local communities and families thrive. Supporting female entrepreneurs is also a cause of particular importance to me, which is why I am so honored that PayPal is one of the Starting Strong Supporters.'*

For me, it's not about giving women an advantage—it's about leveling the playing field.

I believe that if we encourage more women to become leaders and entrepreneurs, we will change the face of the corporate world. With every woman who makes it to the top, we are one step closer to changing the status quo.'
