The Journey

Jacquelyn Dunne is a practising solicitor and the founder of The Journey, an estate planning organisation tool designed to help families bring clarity and structure to their personal affairs.

Based in County Cork, Jacquelyn runs Dunne Solicitors, a practice specialising in property and estate planning. Through her work with families administering estates, she repeatedly witnessed how difficult it could be for loved ones to locate important documents and information at an already emotional time. Even where a will existed, executors were often left searching for bank accounts, policies, passwords, or simple instructions about personal wishes

Wanting to solve this problem, Jacquelyn developed The Journey — a guided planner that allows people to organise essential personal, financial and practical information in one place for their loved ones. What began as a simple concept developed into a structured product designed to make an often-complex process easier for families.

Since launching, The Journey has gained strong traction through online sales, social media and word-of-mouth recommendations. Jacquelyn has also spoken publicly about estate planning and has been featured in media interviews discussing the importance of preparing for the future.

Jacquelyn was the winner of Sole Practitioner of the Year Munster in 2021 and has been shortlisted in multiple categories including Law Firm of the Year and Lawyer of the Year at the Irish Law Awards 2026.

Jacquelyn's vision is to grow The Journey into an internationally recognised brand, with additional products designed to help families plan ahead, stay organised and support one another through life's important transitions.
